

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS
PUBLIC SCHOOL SYSTEM

A

Proclamation

“Cybersecurity Awareness Month”

Cybersecurity is the protection of computer systems, data, and people from cyberattacks and cybercrime.

WHEREAS, the Commonwealth of the Northern Mariana Islands (CNMI) Public School System (PSS) recognizes the importance of cybersecurity in protecting the privacy, safety, and security of our students, teachers, staff, parents, stakeholders, and the broader educational community; and

WHEREAS, digital transformation and the use of technology in our classrooms and administrative processes have significantly enhanced our ability to deliver high-quality education and services; and

WHEREAS, the increasing threats posed by cyberattacks, data breaches, and other malicious activities highlight the need for robust cybersecurity measures within our educational institutions; and

WHEREAS, the CNMI PSS is committed to promoting a culture of cybersecurity awareness, ensuring that all members of our educational community are informed and vigilant against cyberthreats; and

WHEREAS, Cybersecurity Awareness Month, observed nationally every October, serves as a reminder of the ongoing efforts needed to protect our digital infrastructure and promote responsible online behavior; and

WHEREAS, the theme for this year’s Cybersecurity Awareness Month, *“Staying Safe Online: Protecting our Future,”* reflects our commitment to safeguarding the digital future of our students and staff; and

WHEREAS, all members of the CNMI PSS are encouraged to take proactive steps, such as using strong passwords, enabling multifactor authentication, regularly updating devices and software to protect personal and institutional data, adhering to cybersecurity best practices, and reporting any suspicious activities to the appropriate authorities; and

WHEREAS, during the month of October, there will be various activities, including engaging educational workshops, training sessions, and awareness campaigns to enhance the cybersecurity knowledge and skills of our students, teachers, staff, parents, families, partners, and stakeholders.

NOW THEREFORE, BE IT RESOLVED, the Eighteenth (18th) CNMI State Board of Education hereby proclaims the month of October 2024 as

Cybersecurity Awareness Month

and call upon students, teachers, the entire staff of the CNMI PSS, the Parent Teacher Student Association (PTSA) organizations, and community members of our Commonwealth to observe the month of October 2024 with appropriate programs, activities, and ceremonies supporting this year’s Cybersecurity Awareness Month.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed my signature on this
1st day of October 2024.

A handwritten signature in blue ink, appearing to read "Gregory P. Borja", written over a horizontal line.
